at [www.sillybeesongs.com](http://www.sillybeesongs.com)

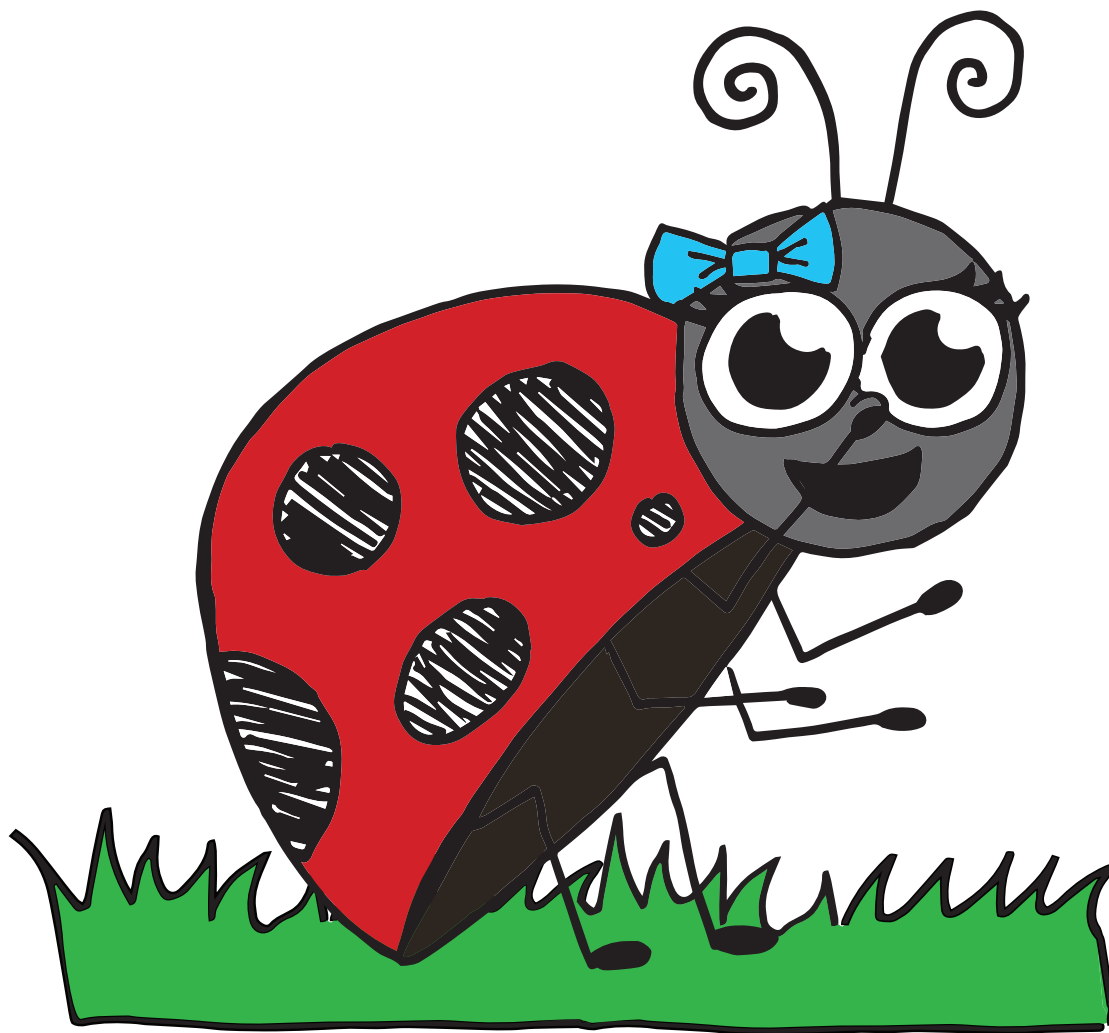

Little Ladybug had five dots, five dots  
she liked a lot.

Every morning when the sun arose,

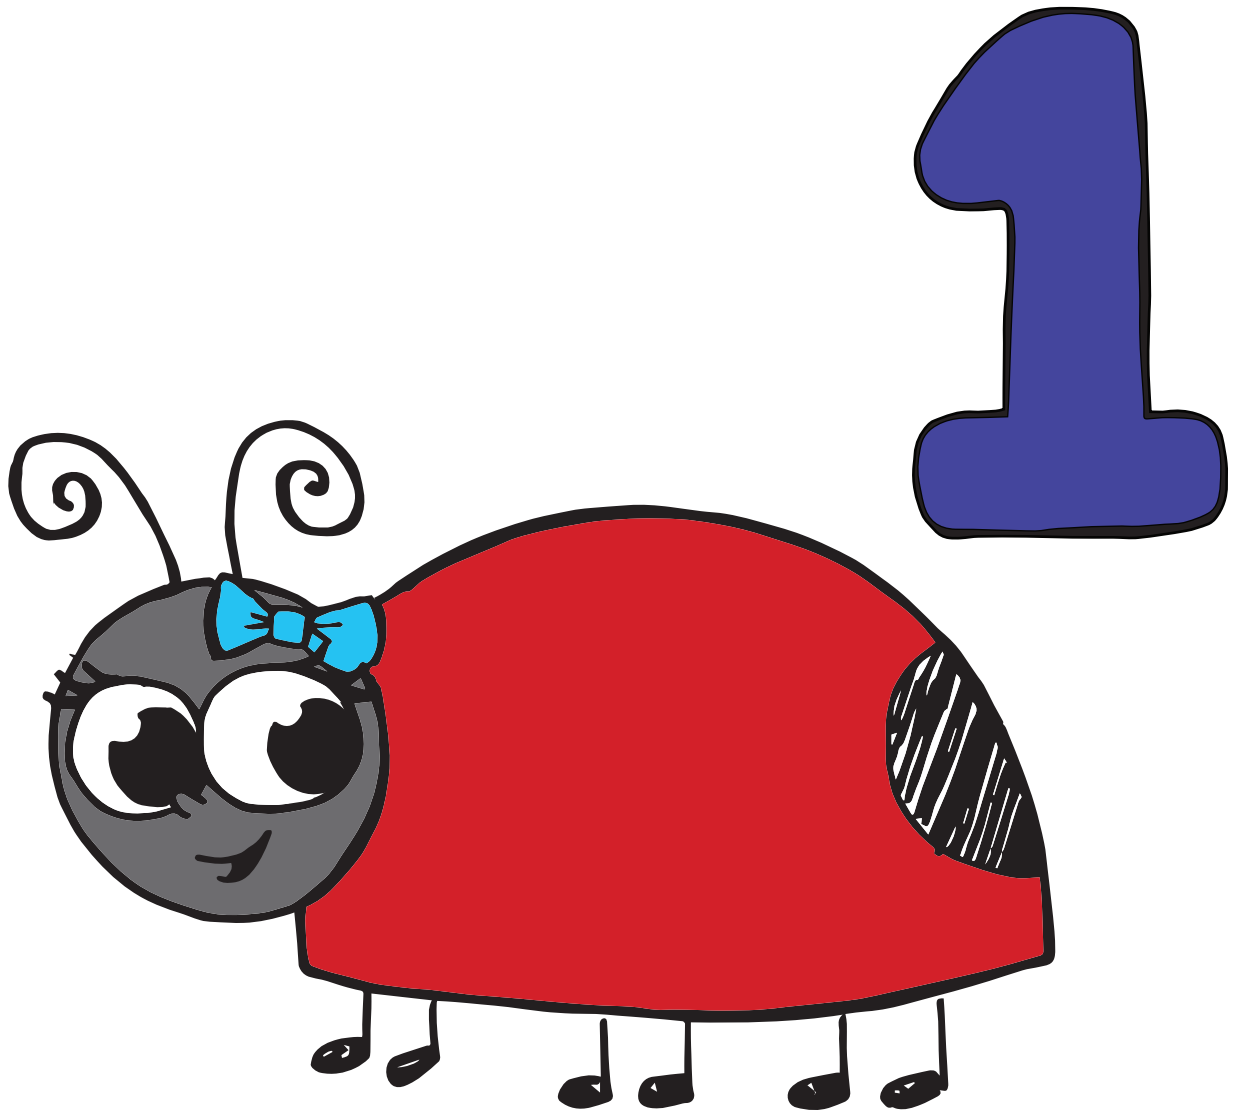

Little Ladybug would touch her nose

and sing as she counted her dots.

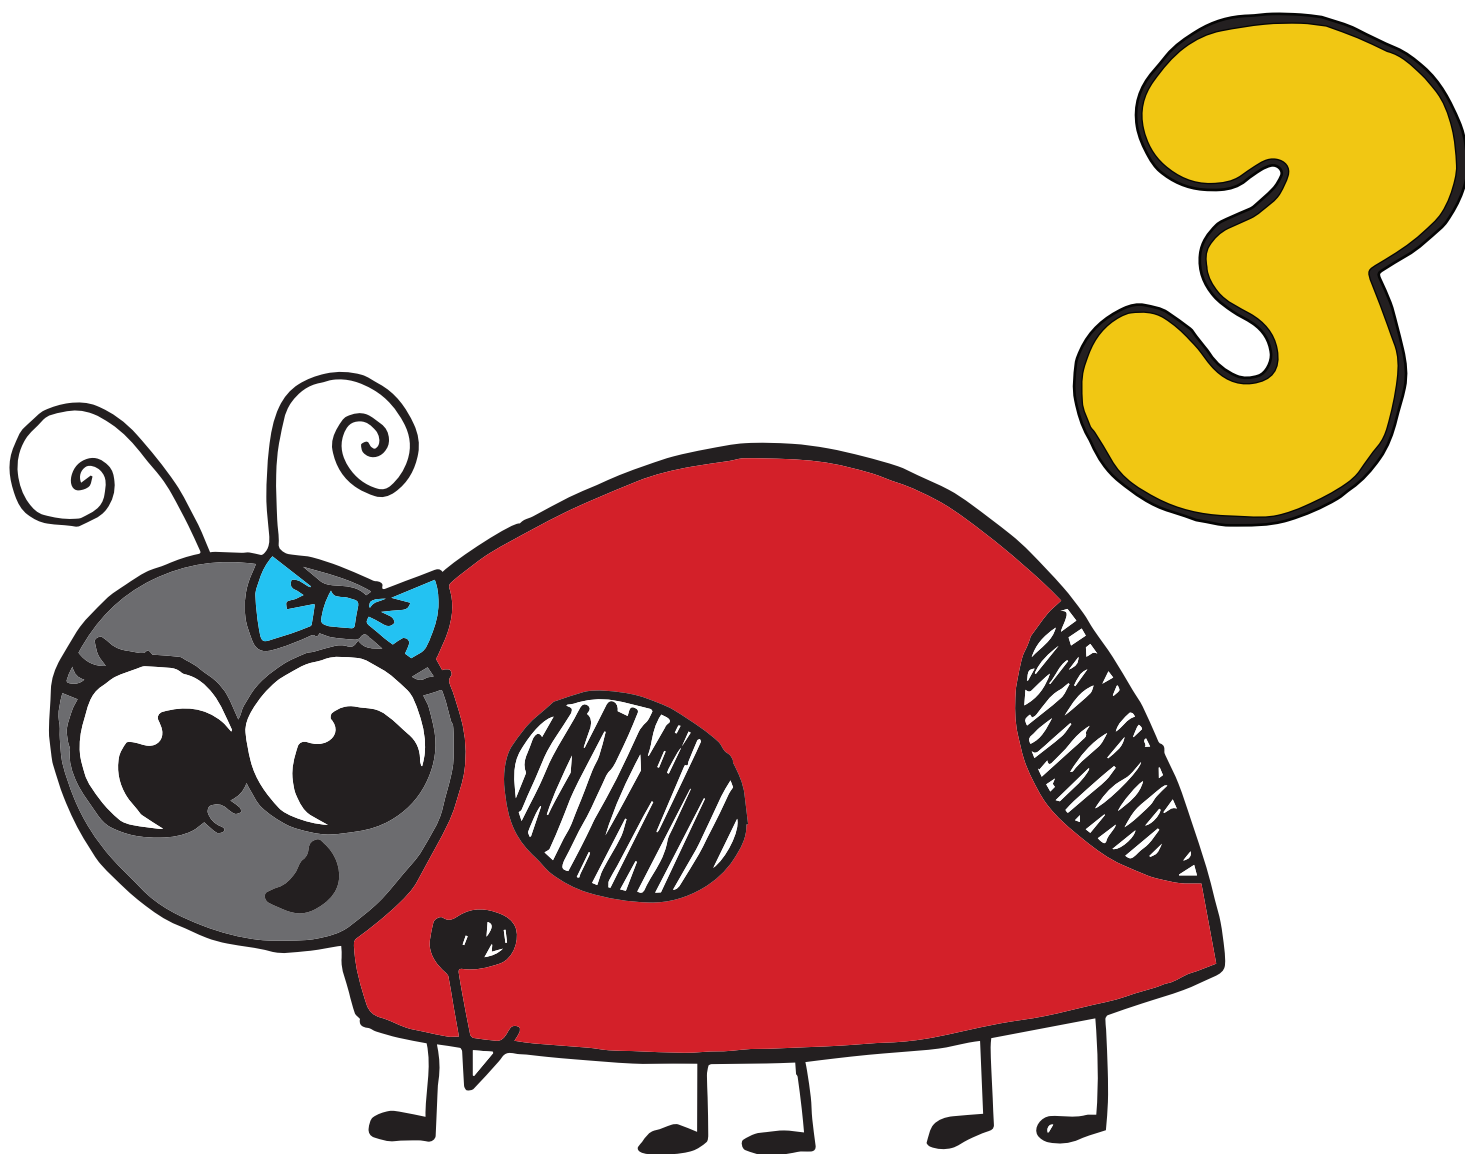

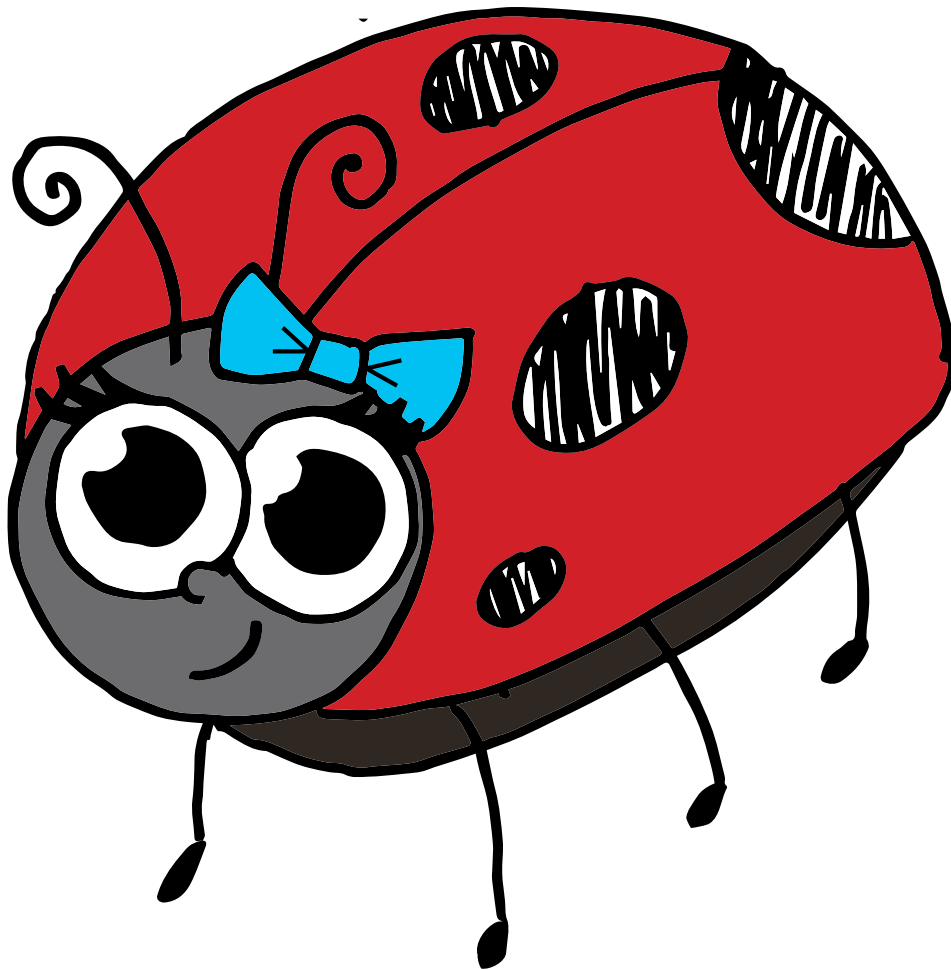

One dot, one dot I have, one dot I like  
a lot!

Two dots, two dots I have, two dots I  
like a lot!

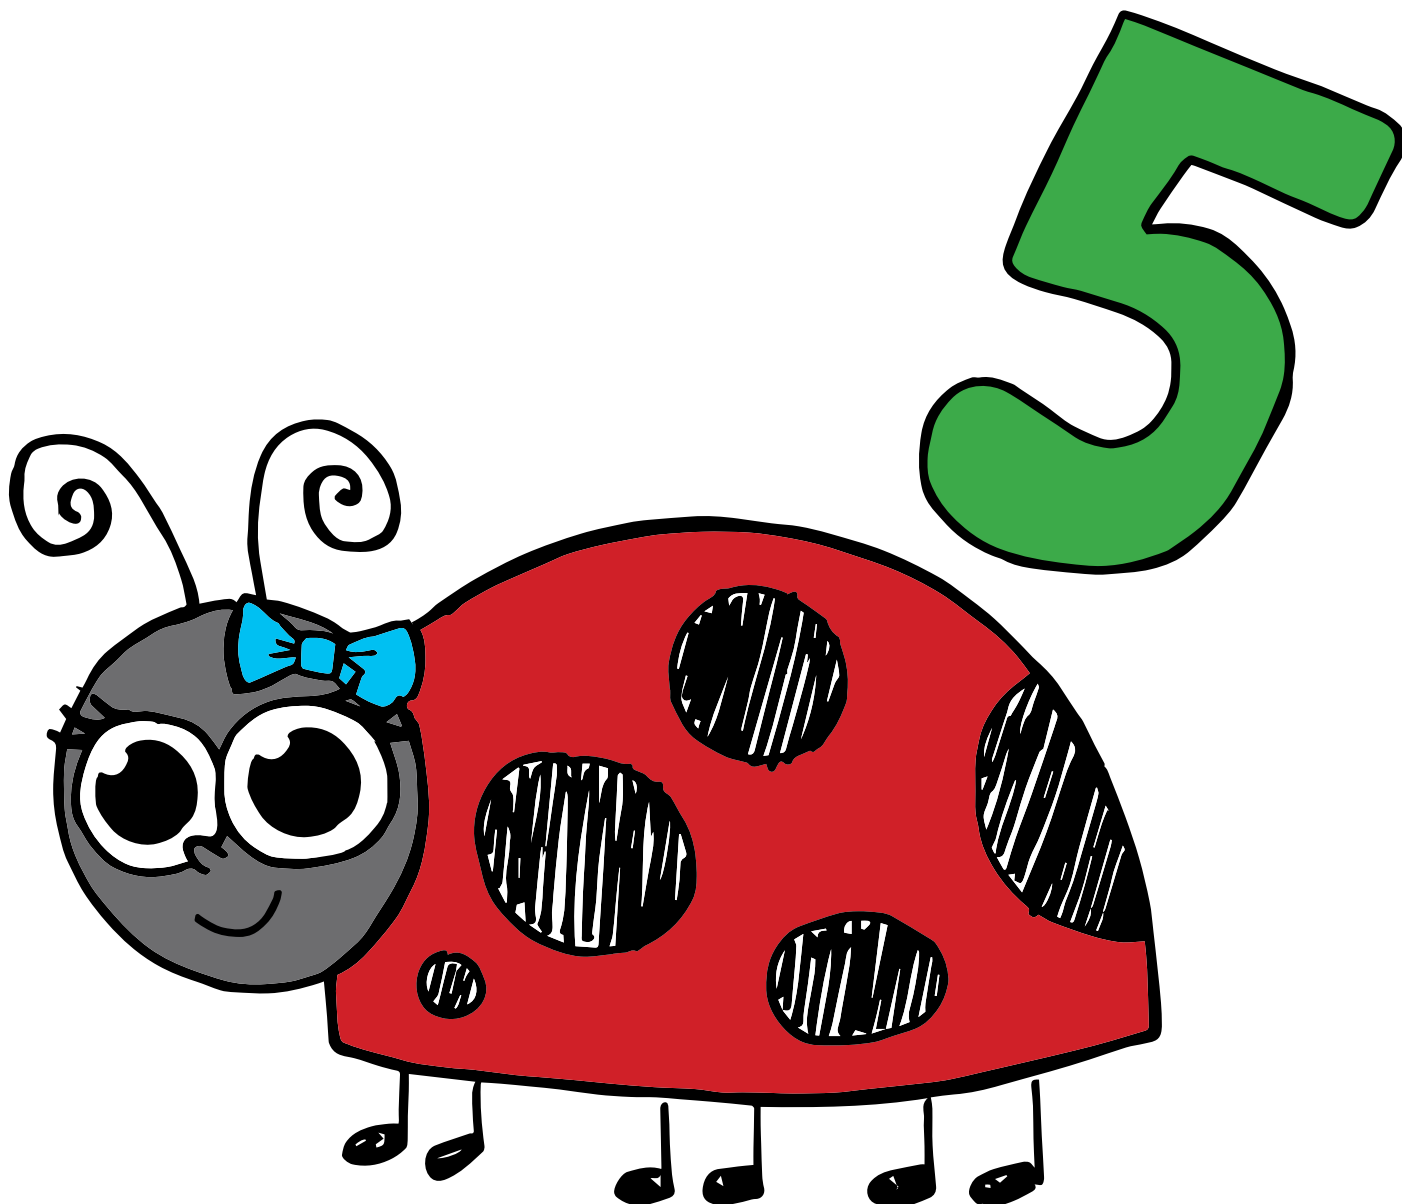

Three dots, three dots I have, three  
dots I like a lot!

4

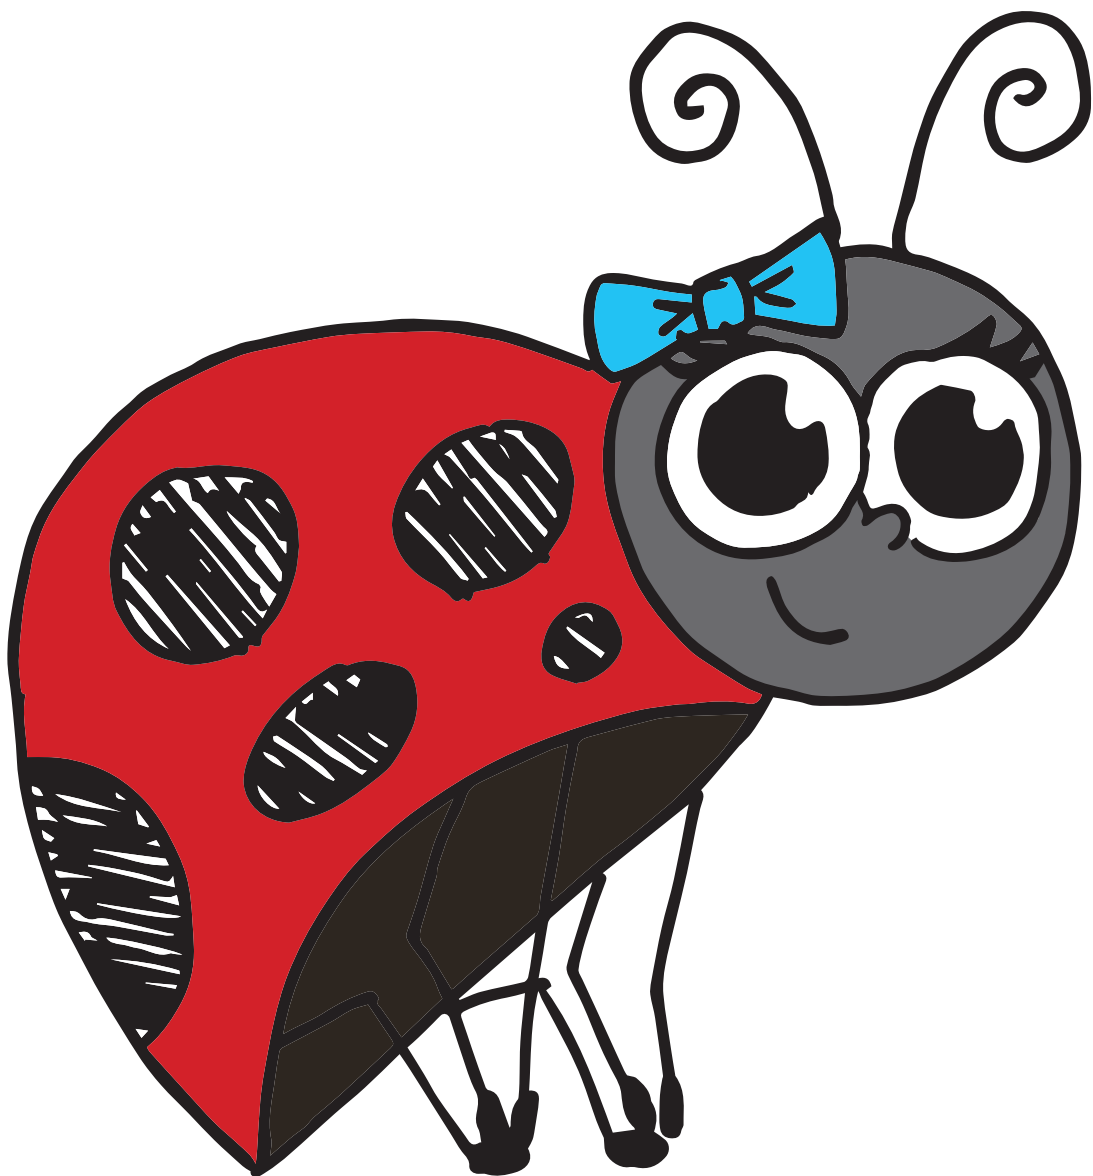

Four dots, four dots I have, four dots  
I like a lot!

Five dots, five dots I have, five dots I  
like a lot!

Every night when the moon arose,

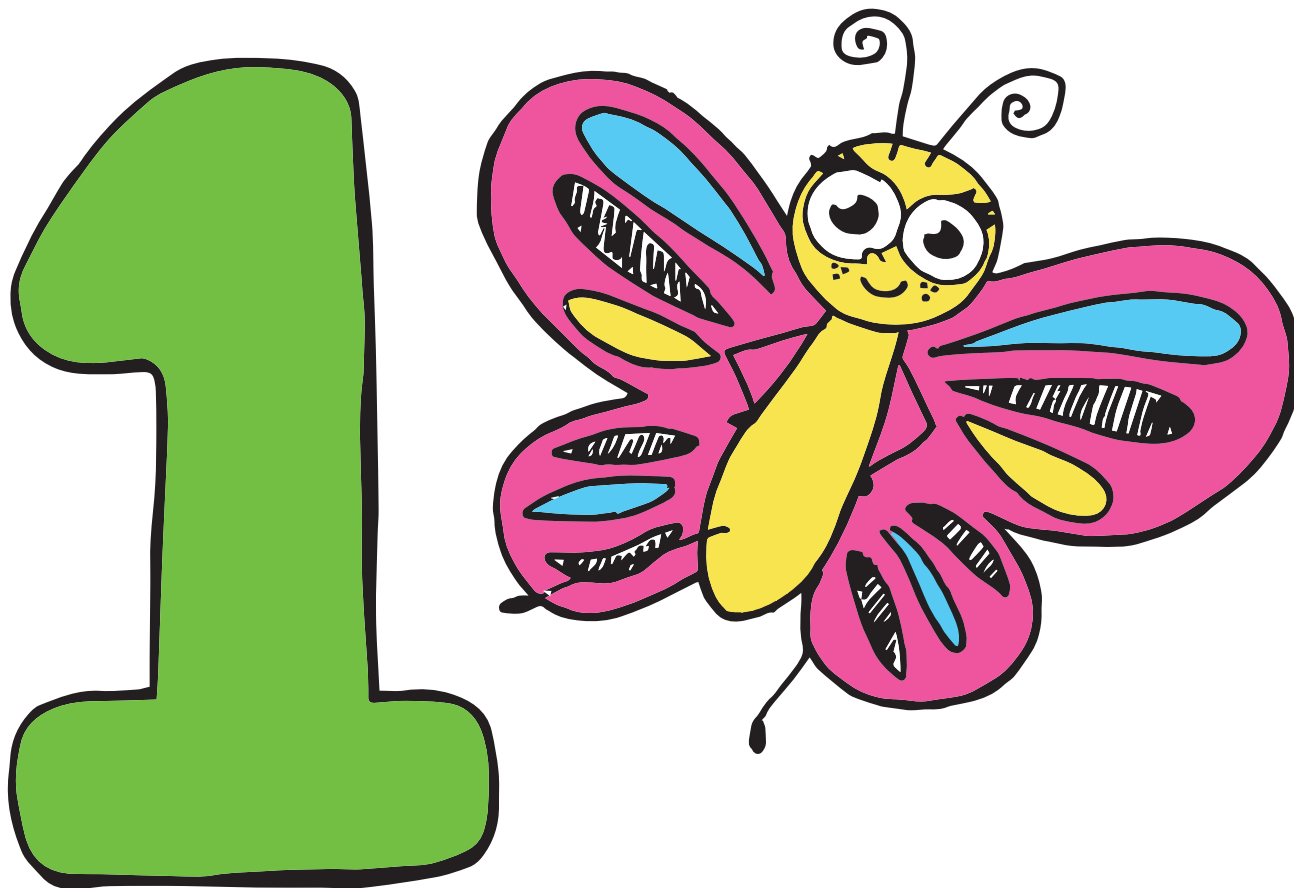

Little Ladybug would touch her toes

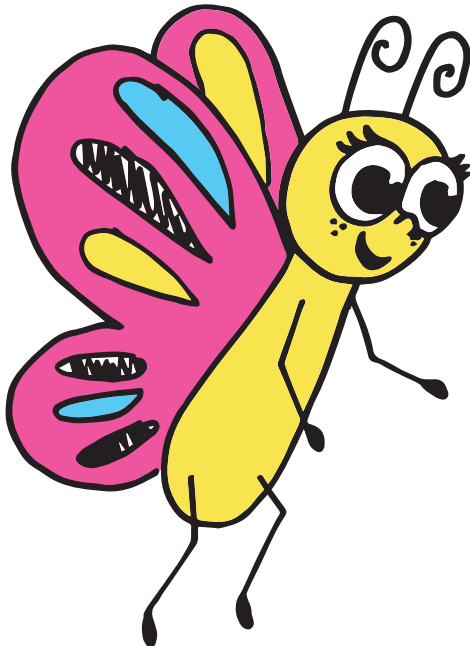

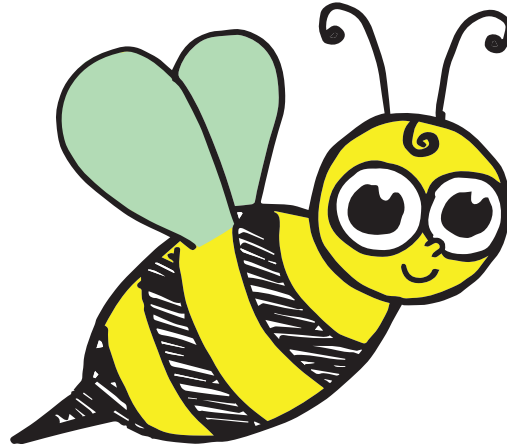

and sing as she counted her friends.

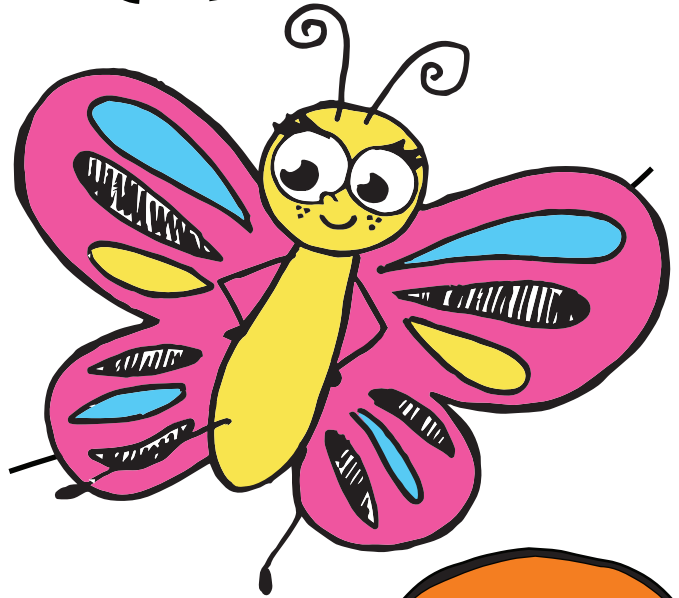

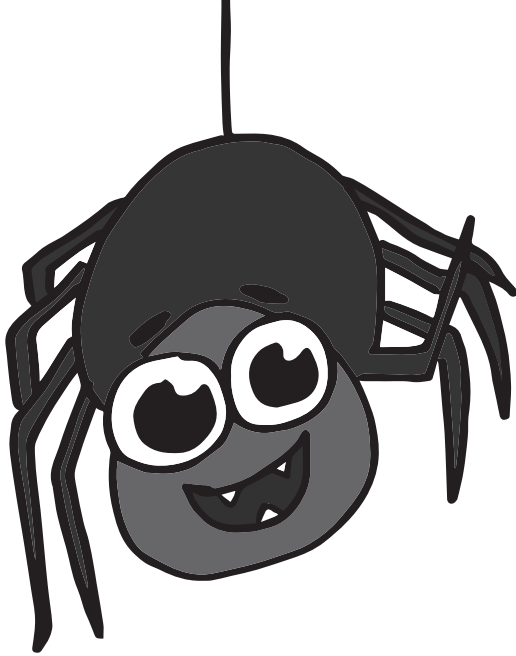

One friend, one friend I have, one  
friend I like a lot!

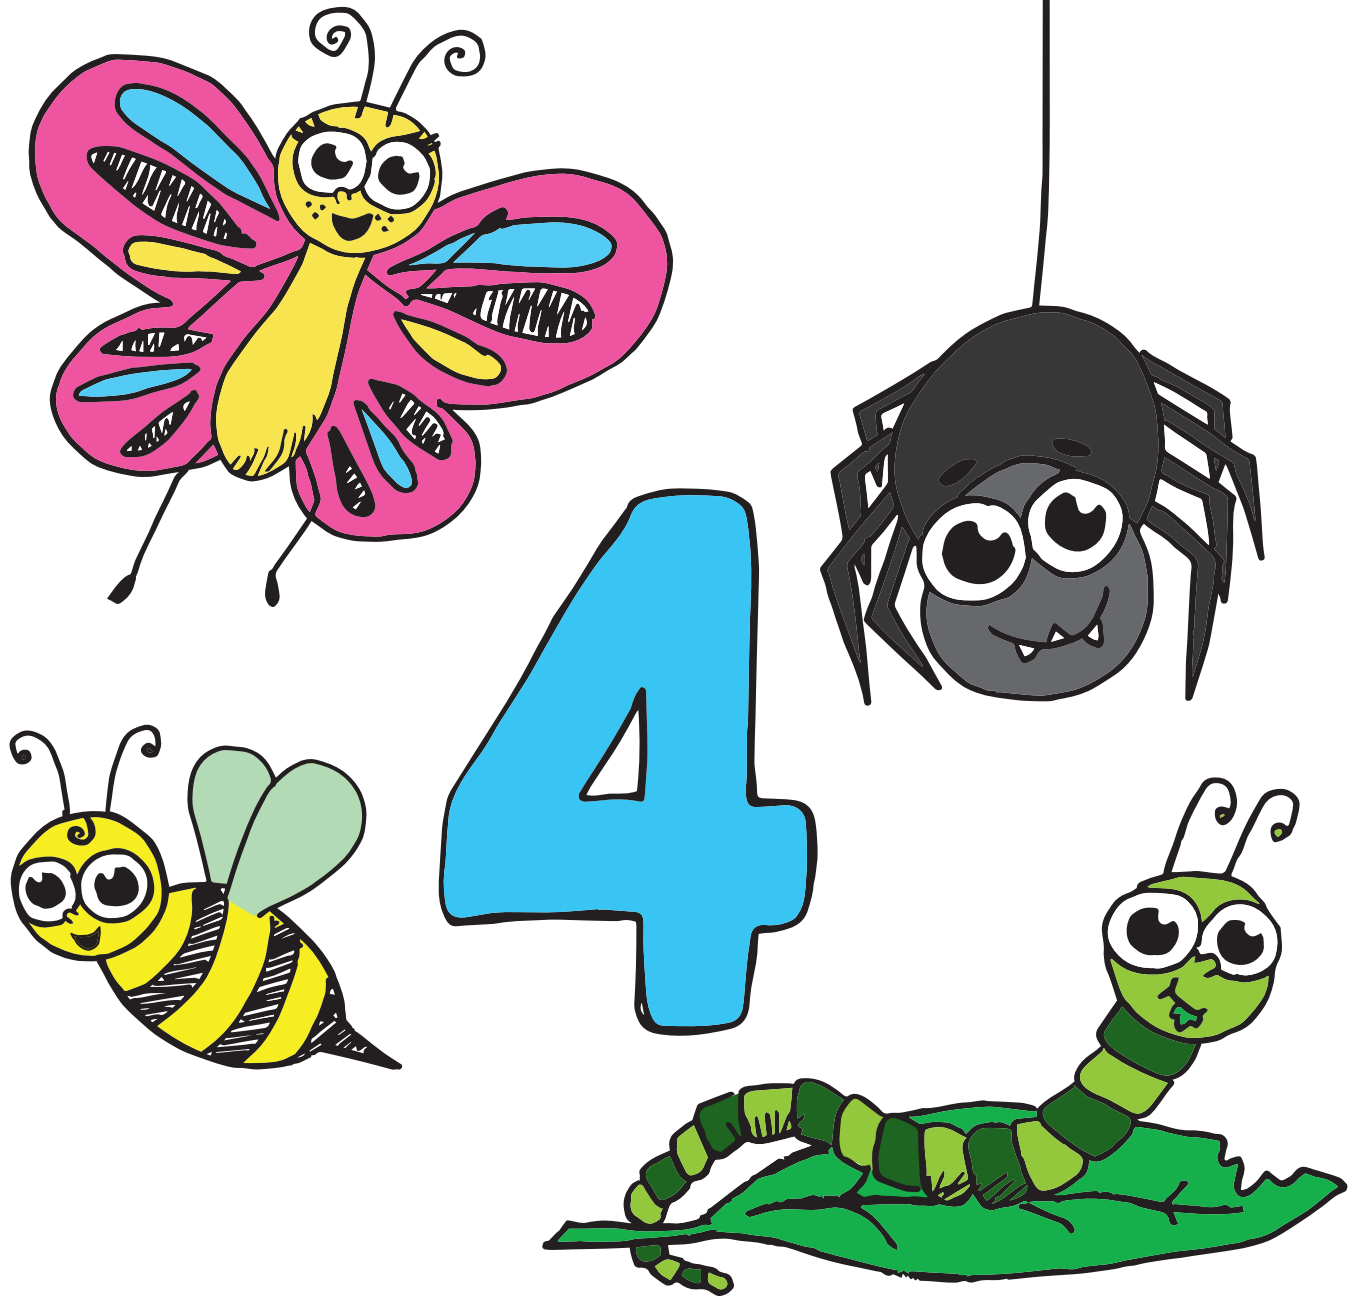

Two friends, two friends I have, two  
friends I like a lot!

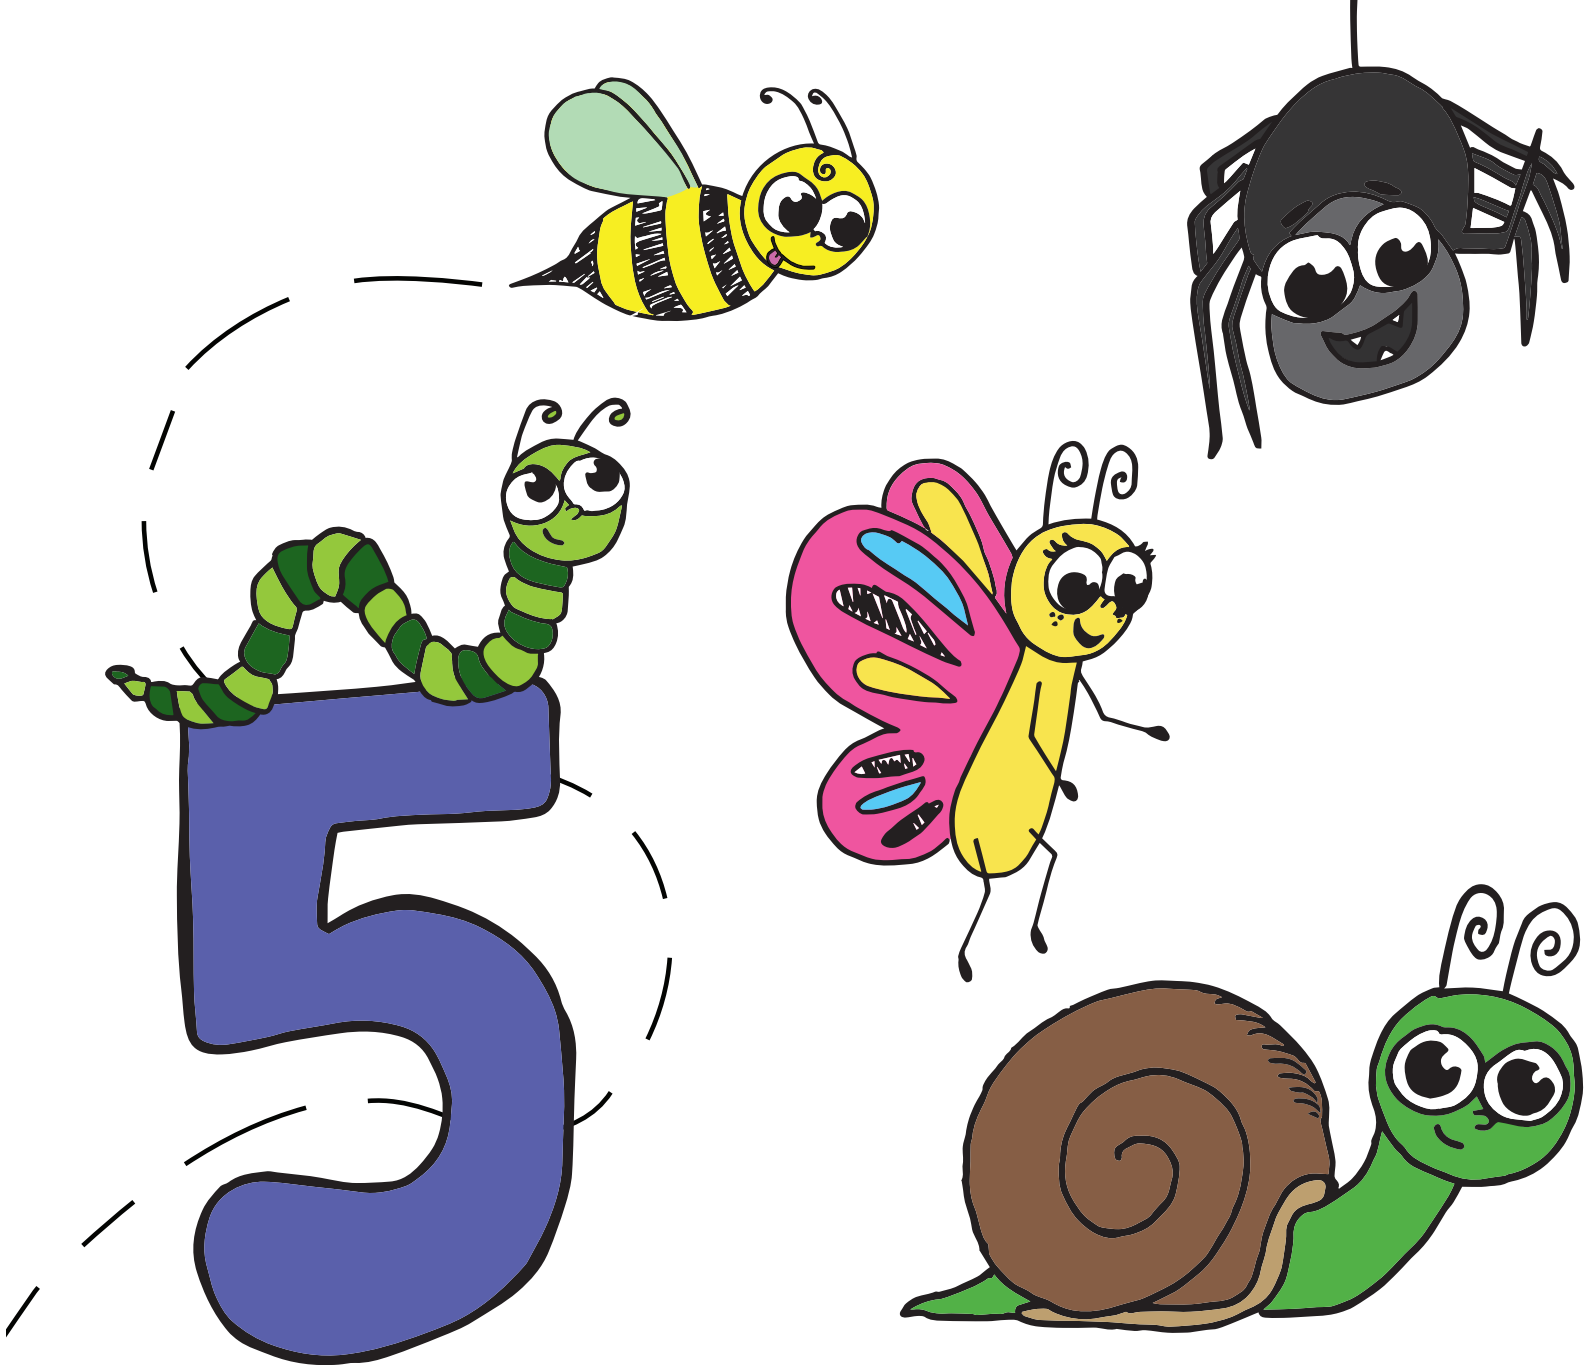

3

Three friends, three friends I have,  
three friends I like a lot!

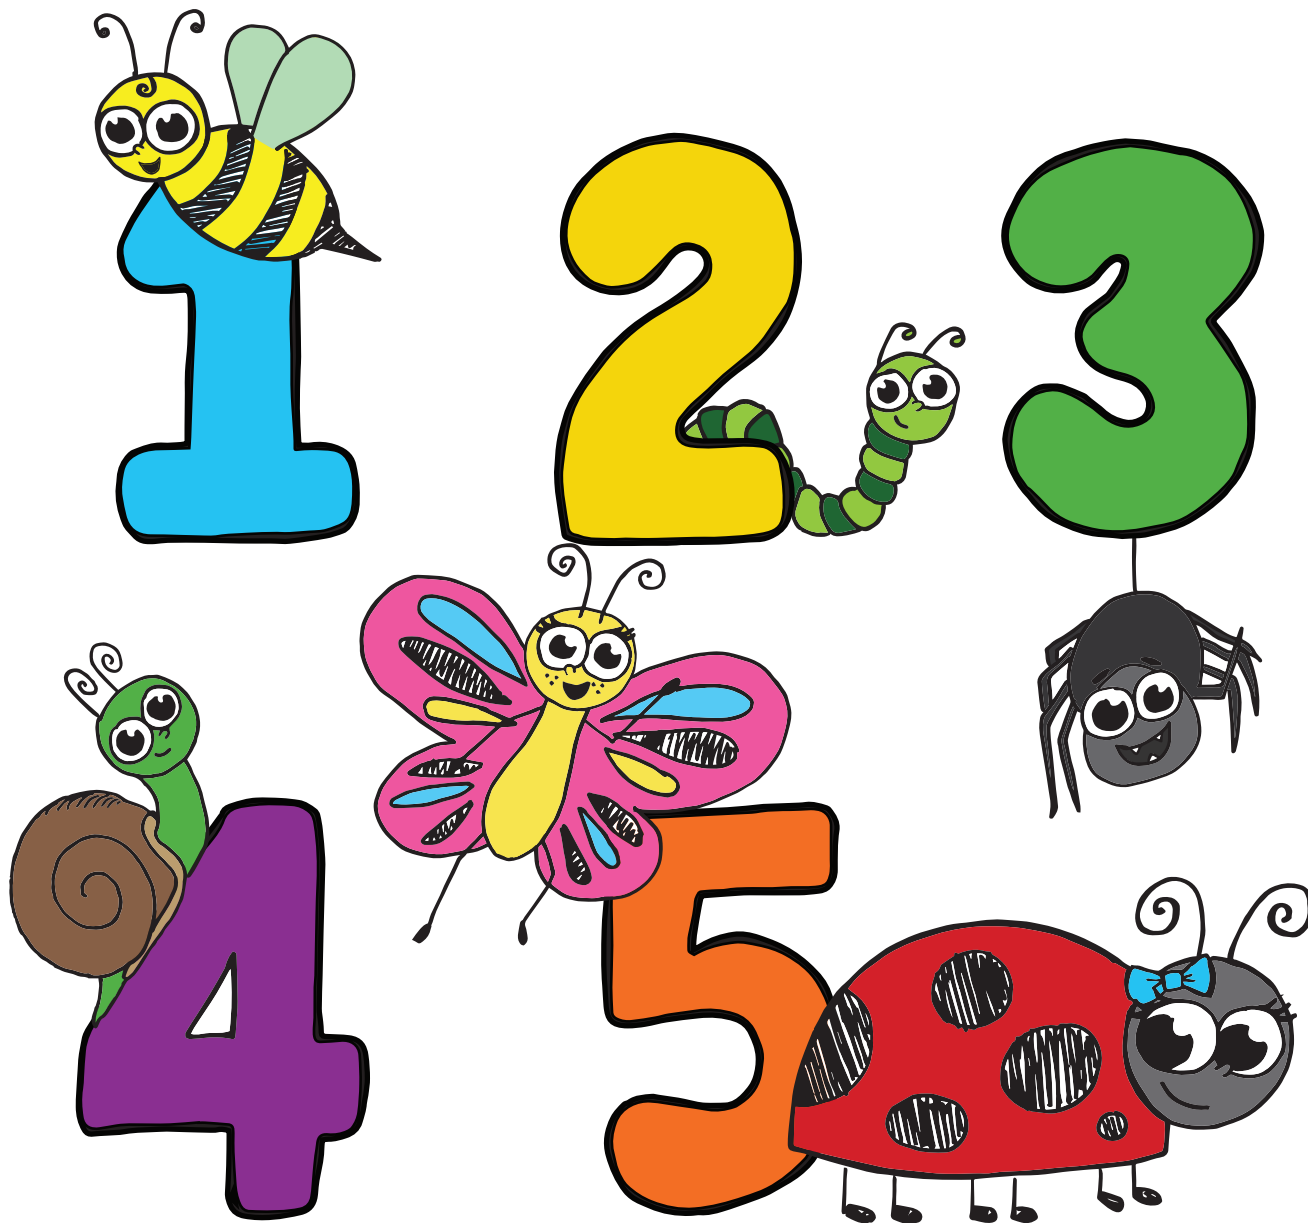

Four friends, four friends I have, four  
friends I like a lot!

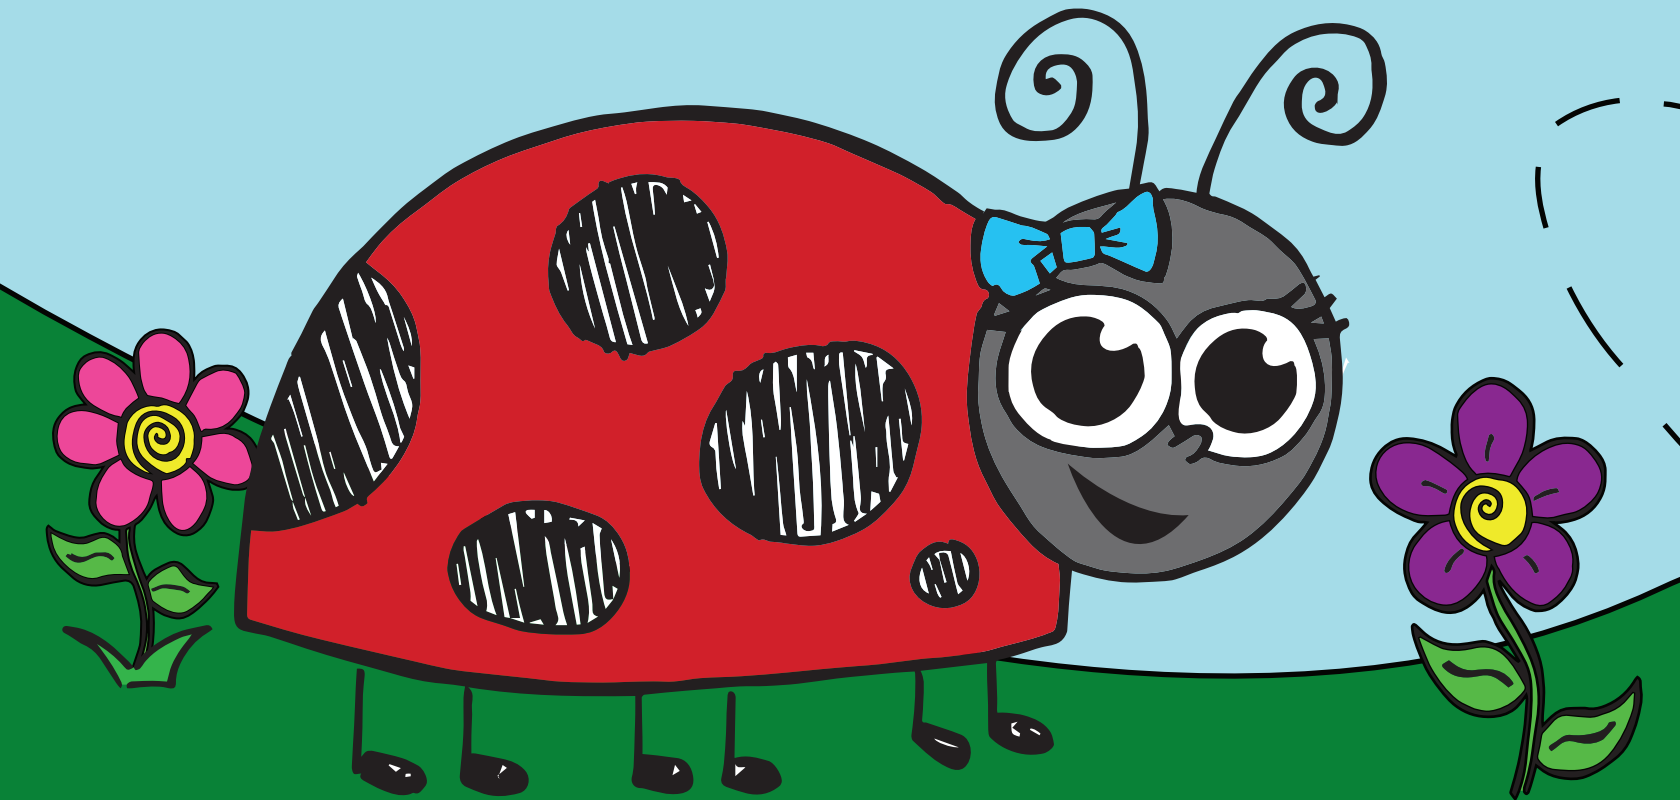

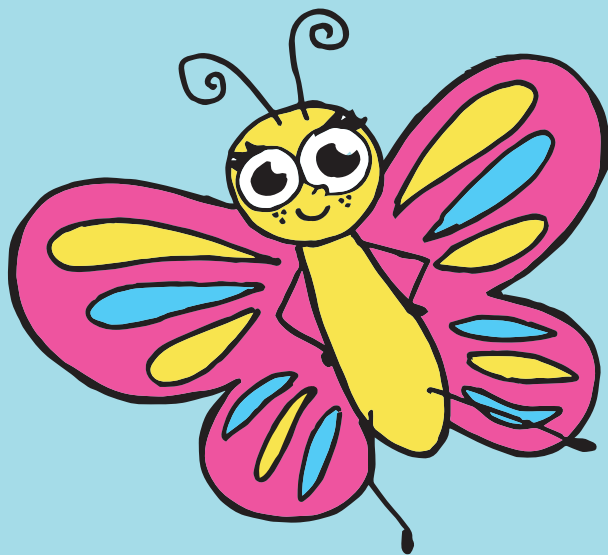

Five friends, five friends I have, five  
friends I like a lot!

Five dots, five dots I have, five dots I  
like a lot!

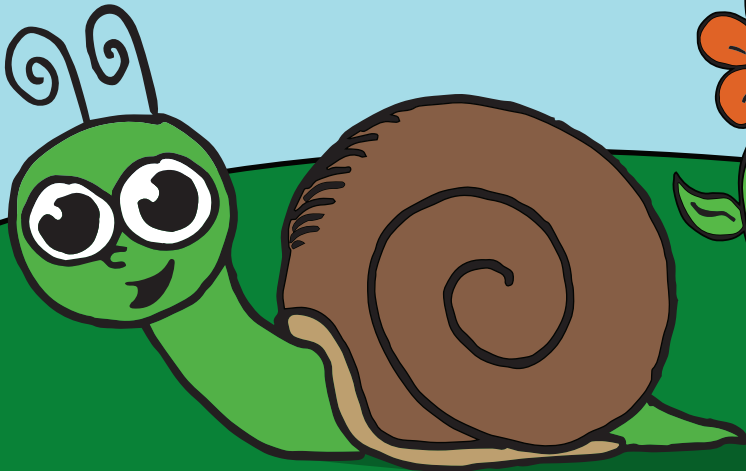

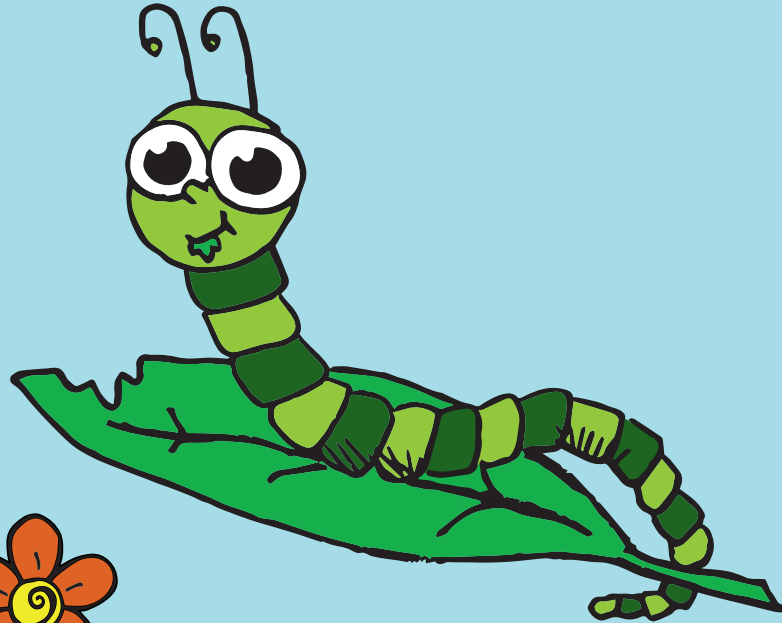

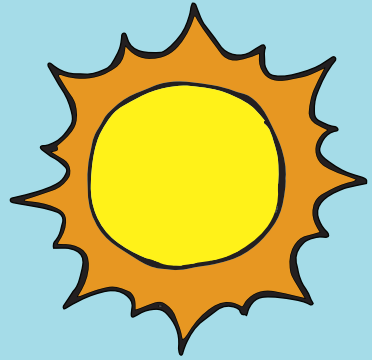

I have five friends. I have five dots, I  
like a lot!
